

SIDCUP THIS MONTH, NEXT MONTH AND BEYOND

We will be back at the club this Sunday featuring fantastic singer Joanna Eden. "The UK's answer to Diana Krall" was how Time Out Magazine described her, "Bloody marvellous!" was what Dame Cleo Lane had to say and Sir Michael Parkinson said "Seek her out!". Well, seek her out you must, in Sidcup, with a tribute to Ella Fitzgerald. Material will draw from Ella's iconic Songbook albums, with songs such as "Fascinating Rhythm", "S Wonderful" and "Every Time We Say Goodbye" plus early hits like "A Tisket A Tasket" and "Honeysuckle Rose". Next month we have a festive programme lined up for you featuring Matthew Ford and the return of singer Julia Scroggs.

Next year's dates at the Club are now also confirmed and are listed in the Upcoming Dates section of this newsletter.

Doors open at 7pm (please don't arrive earlier as the room will still be being set), the concert starts at 8pm and tickets are available on the door. There is free evening parking behind the club. United Services Club, 108 Main Road, Sidcup, DA14 6NE - call 01322 521 515 for more details.

SONNING AND SEVENOAKS

I love a bit of alliteration so the chance to add these two towns to Sidcup and Sinah Warren was one I couldn't miss! We'll be appearing with Clare Teal at the Sevenoaks Summer Festival in Kent in July next year. Tickets are not yet on sale but you'll be first to know when they are. We are also making our debut at the brilliant Mill At Sonning Theatre near Reading in June. This is a small theatre venue with pre-show dining included as part of the package. It really is a great place if you've never been before. Tickets there are on sale now so contact the box office to get the best seats.

EARLY BOOKING EXCLUSIVE FOR CROYDON

Although tickets for our annual concert in Croydon won't be on sale to the general public until next year, we are giving Newsletter Subscribers the chance to book now. This will ensure you get the best seats going before the riff-raff get in! The ticket order form is on the back of this sheet.
